

# 180° rotation column

For ec9 marking machine

- ▶ Multipurpose use (double use)
- ▶ For the marking of bulky parts
- ▶ Free positioning from 0° to 180°

## Principle

- ▶ Indexed column from 0° to 180° (orientable on the right side only).
- ▶ Simple and quick positioning by 2 clamping screws.  
*(need to fix the machine on the work bench)*
